1 Instructions

Send your finished notes to the course TAs (sta561-ta@duke.edu), including the Latex file and all .eps or .pdf files that you've created for figures. Double-check that your file compiles with `pdflatex lec1.tex` before you send it.

These notes should be complete, correct, clear, and free of typos.

If you would like an example of a good set of scribe notes in LaTeX, email me.

Thank you! Barbara
